Title:	Around 50 students hospitalised due to food Poisoning in Namakkal, Tamil Nadu			
Action By CSU, IDSP -NCDC	Information communicated to DSU- Namakkal, SSU- Tamil Nadu			

A residential high school on the Ekalaiva model is functioning at Senkarai on the Kollimalai hill next to Rasipuram. More than 380 students are studying in this school. Also, all the students studying in this school are staying and studying in the hostel.

In this situation, more than 50 students have had lemon rice for breakfast under the "Chief Minister's Breakfast Scheme" in the hostel. After having breakfast in the hostel, the students went to the school classroom and were studying when they suddenly started vomiting and fainting.

Following this, the teachers working in the school took the affected students to the nearby Powergad Government Primary Health Center on their two-wheelers and their own cars for treatment. In the first phase, more than 30 affected students have been given intensive treatment. From there, the affected students were taken to Rasipuram Government Hospital for further treatment.

In this situation, the parents of the students have been informed that the affected students have been admitted to the hospital after consuming food in the school. The parents of the affected students have besieged the Ekalaiva Model Boarding High School after learning about the tagal. Due to this, there was a tense situation in the area.

Also, Kollimalai Tahsildar and Health Department, Sengarai Police are conducting a serious investigation into the damage caused to the students and the food problem in the school.

When the students of the school inquired about this, they said that the lemon rice served to them for breakfast in the hostel smelled bad. The parents who came to know the information are in the hospital expressing their condolences to their children with tears in their eyes.
