Title:	**100 people suffer from diarrhoea and vomiting due to sewage in Pune society in Surat, Gujarat**			
Action By CSU, IDSP –NCDC	Information communicated to DSU- Surat, SSU- Gujarat			

President Dulabhai Hirpara said that 100 people have been suffering from diarrhea-vomiting, fever etc. due to bad water coming from Pune's Sitanagar Chowk's Chamundanagar for the past few days. On an average, one or two people in every household have got this disease. Despite repeated submissions, the system did not show seriousness. Most of the residents have sought treatment at nearby private hospitals. At the end of the presentation, a health department van came on Thursday and gave medicine to the people.

In the case of complaints of diarrhea and vomiting among the residents of Chamundanagar, separate teams were sent for spot investigation. In the meantime, 450 houses have been surveyed and more than 1900 people have been examined for their health, but not even one of the symptoms of diarrhea and vomiting has been found. - Dr. Prakash Patel, No. Health Officer
