<b>Title:</b>	<b>2 Swine Flu cases detected in Manipur</b>			
Action By CSU, IDSP -NCDC	Information communicated to SSU-Manipur			

Two samples among six sent for screening for novel coronavirus in Manipur tested positive for swine flu, a senior health official said on Tuesday.

The six samples collected from people entering the state were sent to the National Institute of Virology in Pune for testing for coronavirus, Director of Manipur Health Services K Rajo told reporters.

"We have received three reports so far. Though none of them tested positive for coronavirus, swine flu has been detected in two of them," he said.

Of the two affected persons, one had recently visited China, while the other came in contact with that person, Rajo said.
