Title:	More than 20 students at Yadgir Govt School fell ill after taking tablets to prevent elephantiasis, Karnataka			
Action By CSU, IDSP -NCDC	Information communicated to DSU – Yadgir, SSU- Karnataka			

More than 20 students of the government school in Shettygere village of Yadgir taluk reportedly fell ill after consumption of tablets to prevent elephantiasis.

A health camp was organized recently, to give the children preventive medicine against elephantiasis. Students at the government school have fallen ill after taking the tablets, said sources.

Dr Hanamantha Reddy, taluk health officer at the district hospital, is learned to have visited and checked the children.

“More than 20 students have ill, and are being treated urgently at the district hospital. The children are recovering following the treatment,” the officer has reportedly said.
