Media alert from the Media Scanning & Verification Cell, IDSP-NCDC.

Alert ID	Publication Date	Reporting Date	Place Name	News Source/Publication Language
3556	06.08.2016	08.08.2016	Nagaon Assam	www.assamtribune.com/English http://www.assamtribune.com/scripts/detailsnew.asp?id=aug0716/state059
Title:	One case of Japanese Encephalitis (JE) has been detected in district Nagaon, Assam			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Nagaon, SSU-Assam			

One case of Japanese Encephalitis (JE) has been detected at Shankardev Nagar under Ward No. 1 here.

According to reports available, one Sandhyarani Saha (67) has been suffering from the disease. She was admitted to a private hospital in Dibrugarh on July 13 and on July 25, she was shifted to the AMCH. The Microbiology Department of the AMCH has confirmed the presence of JE virus in her blood. At present, she is undergoing treatment at her residence.

Though the JE case has been detected, the Health Department is yet to take any preventive measures in the town, it is alleged.
