Title:	Viral fever grips Kolkata city after dengue			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Kolkata, SSU-West Bengal			

While dengue cases have decreased in the city over the past fortnight, a large number of Kolkata residents have been afflicted with viral fever due to the sudden change in weather induced by rains.

So, while long queues at government hospitals have reduced, the queues at private clinics and pharmacies have grown substantially. But despite the viral fever wave, smiles are back on the faces of Kolkatans. Such was the impact of dengue scare in the city!

💧 Save Water- Save Life, 🌳 Save a tree- Don't print unless it's really necessary!
