Title:	Swine Flu Scare in Telangana, 330 Positive Cases Reported in 2019			
Action By CSU, IDSP -NCDC	Information communicated to SSU- Telangana			

Swine Flu cases in Telangana have been rising at an alarming rate with near 330 positive cases reported at Institute Of Preventive Medicine in Hyderabad in 2019. According to Dr Shankar, Director of the Institute, in January, a total of 1656 cases were tested of which 307 cases were tested positive. He added saying that in February 2019, nearly 23 out of 246 cases were tested positive. "As the temperature is falling down, swine flu cases are increasing", the doctor said. Swine Flu Claims 84 Lives, Over 2,289 People Tested Positive with H1N1 Virus in Rajasthan This Year, Till February 2.

According to reports, the situation in the state was reviewed and an alert was sounded. The officials have been instructed to follow proper medication. In India, Rajasthan, Delhi, Haryana, Punjab and Maharashtra are among the states that have been majorly affected by swine flu cases recently. As per experts, swine flu cases generally rise in the winter and a majority of people contract the disease in the month of December and January. Swine Flu Outbreak in India: H1N1 Virus Claims 40 Lives in Rajasthan; Gujarat, Delhi and Haryana Affected Too.
