Title:	One death due to swine flu in district Vellore, Tamil Nadu			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Vellore, SSU-Tamil Nadu			

A 58-year-old woman, who tested positive for H1N1 influenza, died at Christian Medical College (CMC), Vellore on Friday. However, public health officials said she was already under treatment for a chronic disease.

An official said M. Devika, a resident of Karai in Ranipet, was admitted to the hospital with pre-existing illness on December 27. She was diagnosed with H1N1 influenza.

Hospital authorities said the death has been communicated to the public health authorities. The Public Health official said she had chronic kidney disease and ventilator-associated pneumonia. "We will inquire if the person suffered from any other condition or if she had high risk factors that led to the death," he said.
