| <b>Title:</b>                   | <b>30 persons affected due to cholera in district Koraput, Odisha</b> |                |                           |   |
| Action By<br>CSU, IDSP<br>-NCDC | Information communicated to DSU-Koraput, SSU-Odisha                   |                |                           |   |

After Kalyansinghpur area of Rayagada district, cholera has already spread its wing in Jeypore area under Koaput district with as many as 30 persons suffering from the water-borne disease and undergoing treatment at different Government hospitals.

According to information, people are suffering from the water-borne disease under two blocks of the district. A medical team has put a camp in the affected village and providing treatment to patients.

It may be noted that, at least five persons have already died of cholera in Kalyansinghpur area of Rayagada district. Many people are still suffering from the disease. A team from the Regional Medical Research Centre (RMRC), Bhubaneswar and Health and Family Welfare Minister have visited the affected villages to take stock of the situation.
