Title:	13 dengue cases reported in Belagavi district, Karnataka			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Belgaum, SSU-Karnataka			

With the commencement of monsoon, there is a spurt in dengue cases in the district. In a span of just one week as many as 13 suspected cases of dengue have been reported. District health officer Dr Appasab Naratti, said the incidents of people experiencing dengue symptoms have been reported from Belagavi, Ramadurg, Gokak and Chikkodi taluks. The blood samples of the suspected cases have been sent to the laboratories for test, while a few patients are being given treatment on the grounds of primary suspect.

As many as six cases have been reported from Rukmini Nagar and Gandhi Nagar in the city. So far in the year, the district has reported 59 confirmed dengue cases out of 118 suspected cases.

To prevent spread the water borne disease, Dr Naratti said, people have been asked to take precautionary measures. Doctors of all primary health centres have been asked to be in their respective headquarters. There is also enough stock of medicine there, he added.

Save Water- Save Life, Save a tree- Don't print unless it's really necessary!
