(23rd March 2020 to 29th March 2020)

District wise disease alerts/outbreaks reported in the 13th week 2020

13th week

DISEASE OUTBREAKS OF 13th WEEK 2020 (23rd to 29th March 2020)

COVID-19

During 12th week (week ending 22nd March) a total of 390 cases and 7 deaths of COVID-19 were reported from 13 States. And in present week ie 13th week (29th March 2020) a total of 983 cases and 26 deaths of COVID-19 were reported from 27 Districts across India. Since COVID-19 cases and deaths are being reported across the country and the outbreak is continuous and ongoing. A special surveillance portal is dedicated for COVID-19 surveillance activity and is managed and monitored by Ministry of Health and Family Welfare. The States have been reporting COVID-19 cases and deaths on a real-time basis and the same is being updated on the website of Ministry of Health and Family Welfare. This is made available on public domain and can be accessed through <https://www.mohfw.gov.in/> and any information regarding outbreaks related to COVID-19 can be accessed through above site.
